

PRODUCT DESCRIPTION

Greenworks 80V 145MPH - 580CFM Cordless Backpack Leaf Blower, 2.5Ah Battery and Charger Included BPB80L2510

Greenworks 80V 145MPH - 580CFM Cordless Backpack Leaf Blower is a topnotch and sustainable product developed by Greenworks Tools (a leading brand in the production of battery-powered outdoor tools). “BPB80L2510” is the product code of this Cordless Backpack Leaf Blower. The main purpose of this device is to perform multiple jobs like exhaustion, ventilation, aspiration etc. This product has a dedicated 2.5 Ah battery and a charger for its backup utilities. In addition to this, the device is furnished with a brushless motor which is executed through a battery and can provide as good performance as that of a normal gas motor. It is relatively a light weighted machine weighting up to 11.7 pounds and the assembled product dimensions are 18.10 x 9.40 x 22.40 Inches. The maximum air volume rate of the Greenworks Cordless Backpack Leaf Blower is 580 cubic feet per minute whereas the air speed rate is of 145 MPH. It is a cordless air blowing machine having a comfortable backpack functionality. This doesn't make a user bored or exhausted even when he operates the machine for a long period of time. The throttle to operate the Greenworks Cordless Backpack Leaf Blower is situated right on the tube. This facilitates the operator's left hand to be free from the device operating concern. There is a trigger that helps in starting and stopping the blowing function of the machine. The power of the blower can also be set on demand of the blowing machine operator and this particular function can be carried out through a turbo button on the trigger. The extensive control mode which is referred as cruise control mode of the Cordless Backpack Blower permits a user to maintain the relaxation and well-being for an extended period of time while operating it. The noise rate of this

blower is 60 dB which can be considered much lower as compared to the other such devices. The Greenworks Cordless Backpack Leaf Blower has an affordable price across the market and the machine warranty of up to 4 years.
