

## **PRODUCT DESCRIPTION**

### **Dansko Women's Hennie Mary Jane**

The exceptional footwear for women having model number “Hennie” can be counted in the list of super quality foot-wears manufactured by the Dansko Footwear Company. The material of these shoes is Suede (leather made up of animal skin) whereas the mesh fabrication is finely carried out in order to make the material wonderful. To avoid stain attack, the suede material can be treated with the substance like Scotchgard. Moreover, the sole of these shoes are purely synthetic having an extraordinary gripping capability. In order to prevent the bad smell or odor, the foot-bed and linings of the Hennie Mary Jane are covered with anti-microbial treatment. The foot-bed could be removed from the shoe. Additionally, the product is extremely light in weight and has dimensions of about 10 x 15 x 6 inches. This footwear is available in the marketplace in five different colors, i.e. Black, Blue, Grey, Mushroom, and Stone.

#### **Why we like it:**

- The lighter weight of product and top quality fabric can make anyone love Hennie Mary Jane footwear.
- It can match under clothes like skirts, jeans and pants and its extreme comfort is what captures heart.

- No need to wear socks, just put in the shoe directly.

**Our Verdict:**

The Dansko Women's Hennie Mary Jane is ideal for the girls who go to the colleges or universities. This is because it has an open spaced shape. However, for the formal usage, this footwear is not suitable. Overall, the footwear is perfect in all aspects.
