

## **PRODUCT DESCRIPTION**

### **RIKON 10-305 Resawing Bandsaw**

The Rikon Tools Company has fabricated a competent resawing tool, the firm model namely Rikon 10-305. This tool is structured with solid steel material and surely undamageable. The foldable cast iron table-top can be rotated up to 45 degrees. Moreover, the sawing capacity is of about 4.6 inches with a large blade tension support. The product dimensions are 35.5x18x13 inches. However, the product is light in weight i.e. 75.8 lbs due to which it could be easily transferred from one place to the other for carrying out different resawing jobs. For its functioning, a 0.33 Horsepower motor is attached.

**Features:**

- Cast iron sawing table having surface area of 171.87 sq.inches.
- Adjustment knobs for setting sufficient working angles
- Paddle switch for possible safety
- Tall Fence of 2 inches
- A conjoined dust port

**Pros:**

- Rotating Table capability
- High portability
- Rip fence feature
- Highly adjustable
- Unbreakable working surface
- Easy to remove dust particles
- Cheap rates

**Cons:**

- Less powerful motor of only 0.33 HP
- Cutting hard material or wood is a challenge

**Customer Opinions:**

- A good tool for home usage
- Adjustments and Setup is very easy
- Awesome and powerful tool that takes not much space
- Miter gauge is not included

The Rikon 10-305 Resawing Bandsaw is most probably the best tool for resawing whether using it for domestic or for professional purpose. The

adjustment capabilities and safety features of this tool makes it up to the mark in the market. Although, the tool has some pitfalls, but still perfect to utilize because of its high accuracy.
