

REDMI NOTE 9 PRO SERIES LAUNCHED BY XIAOMI

Dated: 2/Sep/2020

Xiaomi is ready to launch its new smartphone series, the Redmi Note 9 Pro series. This series of handsets come up with the two amazing new smartphones, the Redmi Note 9 Pro, and the Redmi Note 9 Pro Max. This ravishing series is now available at the Amazon Marketplace as well as Xiaomi's official website. Both the new sets have astonishing specs and moreover seem to have suitable rates assuring quality and sustainability as the Xiaomi Company is very well known with regard to their highly feasible and adorable products.

Redmi Note 9 Pro (Specs and Price)

The extremely fascinating smartphone product, the Xiaomi Redmi Note 9 Pro has perfectly awesome specifications that include 6.67 inches full HD screen display consisting of an apparently high resolution of 1080 x 2400 pixels. The astonishing feature of 48 mega-pixel rear camera, 8 mega-pixel wide-angle lens, 5 mega-pixel macro lens, and a 2 mega-pixel depth

sensor add to the elegance and worth of this smartphone. The extensively desirable and even speedy 720G octa-core processor by Qualcomm Snapdragon surely becomes the spirit of the particular handset which is supported by the latest and fastest reliable Android 10 (namely "Q") operating system. The 5020mAh battery is situated behind this smartphone having a lasting backup timing.

Talking about the price of the Redmi Note 9 Pro, it varies according to the memory specs of the models and is available in three different varieties, the 4GB + 64GB (ROM) is of Rs 13,999, the 4GB + 128GB (ROM) is of Rs 15,999, and the 6GB + 128GB (ROM) is of Rs 16,999.

Redmi Note 9 Pro Max (Specs and Price)

Another highly appealing smartphone, the Xiaomi Redmi Note 9 Pro Max has perfectly awesome specifications that encompasses 6.67 inches full HD screen display including the high resolution of 1080 x 2400 pixels. The stunning feature of 48 mega-pixel rear camera, 8 mega-pixel wide-angle lens, 5 mega-pixel macro lens, and a 2 mega-pixel depth sensor add to the beauty and excellence of this smartphone. The high speed 720G octa-core processor powered by Qualcomm Snapdragon is ready to make an incredible impact on this smartphone, including the support of the best, newest and fastest reliable Android 10 (also called "Q") operating system. The extensively long-lasting battery of 5020mAh is fabricated to operate the handset.

Taking a look on the prices of the Redmi Note 9 Pro Max, it is definitely depending on the different memory specs of the models and it has three varieties accordingly. The 6GB (RAM) + 64GB (ROM) is of Rs 16,999, the 6GB (RAM) + 128GB (ROM) is of Rs 18,499, and the 8GB (RAM) + 128GB (ROM) is of Rs 19,999.
