

PRODUCT DESCRIPTION

Rockwell RK7453 Shop Resawing BandSaw

The Shop Series Bandsaw introduced by Rockwell Tools Corporation includes the brand new sturdy model, RK7453. This BandSaw tool is extremely powerful having amperage of 2.5A. It allows to accomplish vast wood-working and crafting jobs. Just having a weight of 42 lbs, the RK7453 has fine dimensions of 12x31x19 inches. Moreover, a sharp tungsten carbide blade comes up with the tool which allows to cut up to the depth of 3.125 inches. While on the other hand, the throat depth is of 9 inches. The aluminum designed working table having surface area of 11.812 sq.inches can be adjusted from 0 to 45 degrees.

Features:

- Heavy-duty 2.5A motor
- High quality aluminum working table having tilting capability
- Durable 59.5 inched tungsten carbide blade
- Keyed safety switch for proper security
- Pinion blade guard and micro-adjustable rack
- Miter gauge feature
- Lamp for increasing ease to execute cutting tasks

Pros:

- Highly portable due to its light weight
- Extremely affordable in the marketplace
- Best blade cutting accuracy
- 2 years warranty

Cons:

- No dust release compartment
- No instruction guide with the tool
- Hard to set up

Customer Opinions:

- Tough material formation of the tool
- Operates very suitably for the home workshops
- No clear instructions
- Very well made product
- The product is sufficient for the newbies having relatively light cutting jobs
- There is not any process available to adjust the upper and lower blade bearings

When taking a look at its specs and features, the Rockwell RK7453 Shop Resawing BandSaw seems to satisfy the customers through its performance as well as sturdiness. Even though, it consists some stumbling blocks but one could not deny the precision and aptness of the tool.
