

## **PRODUCT DESCRIPTION**

### **RYOBI 18V ONE+ 4 GALLON BACKPACK CHEMICAL SPRAYER WITH 2AH BATTERY & CHARGER**

The Ryobi 18V One+ 4 Gallon Backpack Chemical Sprayer is an electronic appliance built by the well-known company of the electronic industry around the world, Ryobi Tools. The One+ 4 Gallon Backpack Chemical Sprayer comes up in addition with a 2.00 Ah Battery and a Charger. It can produce outspread pressure of about 60 psi and can efficiently help in the execution of almost any of the spraying jobs. It is especially fabricated for the care-takers of yards and fields as it makes far easier for them to dispose herbicides, pesticides and fertilizers in their yards and fields. The sprayer in this device is without a cord and a 4 gallon high density poly-ethene backpack tank utility makes the appliance easy for to operate as well as provides a rapid and open-handed task completion validity. The translucent property of the tank also helps in monitoring the fluid level while carrying out the spraying job. Moreover, the sprayer has a mesh back which makes it ductile. In addition to this, it consists of adjustable shoulder straps that makes the sprayer operator feel comfortable and cozy. The appliance is attached to an 18 Volt Lithium-Ion battery through which it can executed up to 40 gallons of fluid spray per charge, without any pumping requirement. The Ryobi Backpack Chemical Sprayer has dimension measure of 21 x 13 x 15 cubic inches and weighs up to 16 pounds. It includes two types of nozzles, the one is an adjustable nozzle which can have variations according to the sprayer operator, and the second one is the flat fan nozzle from which chemical or pesticide can be

spread out. The warranty structure for the Ryobi Backpack Chemical Sprayer is of 3 years if operated for household, personal or domestic purpose, and if rented commercially used, the warranty holds up to 90 days.
