One of the most impressive aspect of our sofa cleaning services is that we aim to be ready for you very soon after you book us. Our approaching time is nearly not more than 2 hours. Furthermore, It's our plus point that we provide you the same day service i.e. your couch or sofa cleaning requirement will be fulfilled on the same day that you've contacted us. In addition to this, we also assure you to provide urgent based couch and sofa cleaning service if you need. Our proficient workers will immediately reach to serve you at the time of exigency or when you need to clean your furniture instantly.

## **The Benefits of Couch Cleaning:**

There are many considerable benefits of couch cleaning. This particular service becomes more necessary when your guests arrive at your home. You must be sure that your furniture i.e. couch or sofa is clean and tidy. This will create a very delightful impression on the guests. Let's discuss various benefits of couch and sofa cleaning:

- One of the most valuable benefit of cleaning couches and sofas is that it removes peculiar and unpleasant smell that may be releasing from the surface of the furniture, or the upholstery.
- Another benefit is that it successfully removes the marks, spots, stains and dirt on the furniture.
- The assurance of your furniture fabric protection at every cost. This helps in maintaining the quality of the furniture and upholstery so that it could be utilized in a better way, thus increasing its life span.
- All the processes of stain removal, deep cleaning, dirt, grime and dust cleaning as well as the maintenance services are being done for you in very affordable and inexpensive charges by our local experts and professionals having not less than an experience of 20 years of couch cleaning services.
- Same day service and 24/7 availability also adds in the benefits of couch cleaning service.

### **- We use the best upholstery cleaning machines**

We use high-tech equipment and machines for the couch and sofa cleaning process. Our proficient and expert workers apply genuine and professional techniques for the best upholstery, couch and sofa cleaning and their maintenance. As our goal and aim is the gratification of our clients, the use of these genuine and high quality machines add up to the benefits of our service.

### **Our Process for Couch Cleaning:**

The cleaning process of lounge, couch and upholstery is difficult to implement and needs a proper consideration and highly expert hands to be used for the purpose. The process that our expert workers and cleaners carry out for cleaning your couch, sofa, chairs and upholstery is briefly and clearly described as under:

- In the very beginning of the couch, lounge and upholstery cleaning process, our expert workers analyze and study the furniture carefully to find all of the defects, stains, and unwanted substances on the furniture. They also take under consideration the fabric of your couch or lounge and then use the appropriate and ideal method for the cleaning process of them.
- After the careful consideration of the furniture, our experts begin to treat the defects and stains. These stains can be of any type like blood stain, urine stain, milk stain, coffee stain, etc. The treatment includes sanitization of the furniture through the newest and the best vacuum machines.
- The best practice is utilized for the cleaning process of your couch, lounge and upholstery and that process is known as the hot water extraction process. This can be done by mixing the eco-friendly cleaning substance in the hot water with high pressure. This process is the most effective for better cleaning of the couches and lounges that may have any type of fabric. In addition to this, the particular practice is carried out by the professional couch and upholstery cleaners all across the globe.

- The rinsing process is carried out after the cleaning process. This process is applied through the professional and advanced tools and techniques by our expert cleaners.
- In the end, our professionals and experts assure the proper and complete cleaning of the couch, lounge or upholstery by checking every corner of the furniture.

## **Types of Sofa Cleaning We Offer:**

- **Fabric Sofa Cleaning:** Fabric sofa is one of the most widely used furniture in the houses across the city. It is very easy to remove stains and spots from this specific fabric sofa. It just needs the mixture of cleaning substance, vinegar and baking soda which is directly applied to the place of spot or stain.

- **Suede Armchair Cleaning:** Suede is another luxurious material used in the manufacturing of couches and sofas. This kind of upholstery can be easily cleaned through rubbing and brushing method to get rid from normal stains. If any wet or liquid stain is found, that area is rinsed with a damp and clean piece of cloth after applying stain treatment substance.

- **Micro-suede Couch Cleaning:** The micro-suede material can also be easily cleaned through brushing method. We also come up with this service for you.

- **Leather Lounge Cleaning:** Leather Lounge or couch is extensively utilized in the rich and deluxe houses. The cleaning process for these is as same as the others and we feel glad to offer this service for you too.

- **Ottoman Cleaning:** Ottoman cleaning services are also available for our clients. This is simply carried out through applying detergents with warm water to eliminate the stains.

- **Wool:** Wool upholstery is generally used in the winter season as it provides warm sensation. We provide wool upholstery cleaning to our customers too. The ugly stains are not much easy to reduce from the woolen surface, so our expert and skilled cleaners and workers perform this task with an excellent effort.

- **Mock Suede:** The mock suede is another stylish upholstery used in fabrication of couches and sofas. This material if carries stains and dust particles, then goes through the scrubbing process. Our proficient cleaners are available for this service for 24 hours a day.

- **Cotton:** Cotton upholstery cleaning is also adds in our services as we have masters for carrying out stain removing process for this particular fabric.

- **Nylon:** Nylon is considered as one of the prime upholstery fabric. We provide services for cleaning this type of fabric also.

- **Silk:** Silk is the royal material and the furniture like sofa sets and couches, if made from silk, are very expensive. Hence they need a proper care and cleansing procedure. Our talented cleaners are capable of handling silk fabric upholsteries in a superb manner.

- **Linen:** The fabric linen for the upholsteries require a cautious sponging process for its cleaning. For this purpose, our experienced cleaning operators are available anytime for your service.

- **Indian Cotton:** This specific fabric is popularly used in making of couches all over the city. We deal with the perfect and satisfying cleaning processes of the Indian cotton upholstery fabrics too.

- **Viscose:** Another widely used fabric for couches and upholstery is viscose. This fabric is considered to be the most suitable for home furnishing. We provide the pre-eminent facilities to get rid of any stain or dirt on your couch made of this fabric material.

### **Upholstery Stain Removal:**

It is one of our trustable services that we provide our customers. Stains and spots can take place on the couches and upholstery without any deliberate action. These stains turn out to be unpleasant and awful. To provide you elegant and cautious services for stain removing treatment, we are always accessible. Our workers are highly skilled to make your furniture clean, perfect and comfortable.

### **Couch Mould Removal:**

Are you irritated by the mould spots on your couch or sofa? Not to get worried, as our workers have an efficient expertise to treat and remove all of the unwanted moulds that your furniture may carry.

### **Scotch-guard Couch Fabric Protection:**

Stain and fabric protection also added to our services besides cleaning the couch and sofas. This includes many different speculations like, Sleeper Sofas Cleaning and Protection, Love Seats Sofa Cleaning & Protection and Chairs Cleaning & Protection, etc.

### **Tips to Protect Your Upholstery:**

Following are some considerable tips for you to protect your upholstery and to take a better care of it:

- Not to rub in the scotch-guard stain protector as it turns the fabric yellow due to the sticky property of the scotch-guard, it may result in soil inducement on your fabric and even discolors it.
- Try to vacuum your upholstery twice a week. This will surely remove the unusual and unwanted dust from your upholstery and adds beauty to it.

- Prevent your upholstery to make contact directly with sunlight as it causes to fade the fabric.
- Apply fabric protector on your upholstery. But, it's obvious to execute the correct and reasonable techniques and the best eco-friendly chemicals for the cleaning procedure of your upholstery even though you've applied the fabric protector.

## **Why Choose Us for Your Sofa Cleaning:**

So are you thinking that why should you prefer us for the couch and sofa cleaning job? Here are some reasons and plus points which really make sense in choosing us for these services:

- We provide you the services of licensed and highly experienced couch cleaning workers.
- We promote the use of environment friendly substances for the cleaning purpose.
- We carry more than 20 years of experience in this service.
- Customer satisfaction is our very first priority.
- We are available 24/7 for our customers, even in the weekend days.
